Introduction

The American Legion was chartered by Congress in 1919 as a patriotic veteran's organization. Focusing on service to veterans, servicemembers and communities, the Legion evolved from a group of war-weary veterans of World War I into one of the most influential nonprofit groups in the United States. Membership swiftly grew to over 1 million, and local posts sprang up across the country. Today, membership stands at nearly 2 million in more than 13,000 posts worldwide. The posts are organized into 55 departments: one each for the 50 states, along with the District of Columbia, Puerto Rico, France, Mexico and the Philippines.¹

Over the years, the Legion has influenced considerable social change in America, won hundreds of benefits for veterans and produced many important programs for children and youth.¹

Post 394 got its current name from Pete Campbell, the first Post Commander. He and a few other veterans from Post 117 wanted to form a new post in the expanding Palm Bay area but had to establish a 501C corporation as a start while applying for a Legion Charter. They formed this 501C corporation called The Veterans of America so they could apply for and receive a liquor license. They need that to generate income because the "corporation" had a lease on the current building and needed to start paying into that. This was a steppingstone until they were able to get the Legion Charter. We have now grown to an over 400-member post. We have also grown with an active: Auxiliary Unit, Sons-of-of-American Legion and a Legion Riders Chapter.

Special thanks to Steven Hammrick and Victor Cotto for their assistance in obtaining the information about how Post 394 got its name.

Chapter 3 One-Year Post History

This chapter is organized in chronological order by month with sperate monthly sections. Within each monthly section is a general post events calendar showing all the events for each month. Some events, such as Sunday breakfasts, are shared events with the different family groups (Legion, Aux, Riders, Sons) each managing an event occurrence on an ongoing basis. Events to support specific causes or projects are identified within the event narrative. Actual event flyer posters and photos are included with each event where possible.

The entire Legion family works together in planning stages implementation and doing the actual events. This is a tribute to how our comradeship and dedication to community and friends works at Post #394 and its families.

All events that are identified in this section may be referenced in the following other sections, for clarity of Legions key mission goals.

NOTE: A few of the calendar events may have been postponed, moved, added, etc. post calendar publications.

On February 3, 1943, the ship was sunk by a German submarine, and the four chaplains, representing different faiths, were among those who perished. On Sept. 27, 1920, the poppy became the official flower of the American Legion Family to memorialize the soldiers who fought and died during the war. In 1924, the distribution of poppies became a national program of The American Legion.

Chapter 9: Scouting America (Boy Scouts)

Boy Scouts (2025) has formally rebranded itself to “Scouting America” allowing girls more into the scouting experience. Girls have been a part of scouting in the past but in more limited roles since the 1970’s.

The post in the 2013-time frame became the home to an existing Troop (Kids grade 6th through age 18) at this time. Instrumental in this effort was Brad Johnston (a post member and Eagle scout) volunteering to be the Chartered Organization Representative (COR) for the post. We have several other legion members active in directly supporting the scouting units in leadership roles. Several members of the post are also supporting scouting on the next level up, the “District” level volunteer staff in many varying roles & responsibilities. (Including Unit Commissioners, Roundtable staff, District committee, Training Chair, Advancement & membership committees.

Post Flagpole – Memorial Eagle Scout Project

Since its start with the post, we have been able to guide over 12 scouts on the trail to obtain the Eagle scout award. The first of these post Eagle scouts did his project supporting us by creating the post Flagpole / memorial area. We use this showcase feature of our post very much in our efforts.

The Eagle scout project Flagpole memorial is in daily use outside the post.

American Legion Post 394 History for 2025-2026

The five-sided granite base has medallions for each of the five services recognized at that time.

American Legion Post 394 History for 2025-2026

A few small moveable additions have been added over the years to the memorial. Brick pavers with names of veterans are a possible future addition to surround this area.

This has been a great show piece for our post. NOTE: All planning and funding for this project was part of the Scouts' Eagle efforts.

Other Eagle Scout Projects

Other Eagle Scout projects have and are being done around the post on an ongoing effort to other Eagle scouts. Below is an example of a worn flag recycling drop box, right inside the front doors, created by another Eagle scout.

Above is Scoutmaster Roy Anderson (A post member) working with the scouts on performing formal flag ceremonies.

Several Legionnaires regularly help the scout with the various Citizenship Merit Badge requirements, talk to vet requirements, etc.

Post Cub Pack

The post also started a CUB Scout Pack (Grades Kindergarten through 5th Grade) but it struggled and did not survive the COVID-19 actions.

The post and Scouting District are making efforts to re-start another Cub pack in the fall of 2026 in the future.

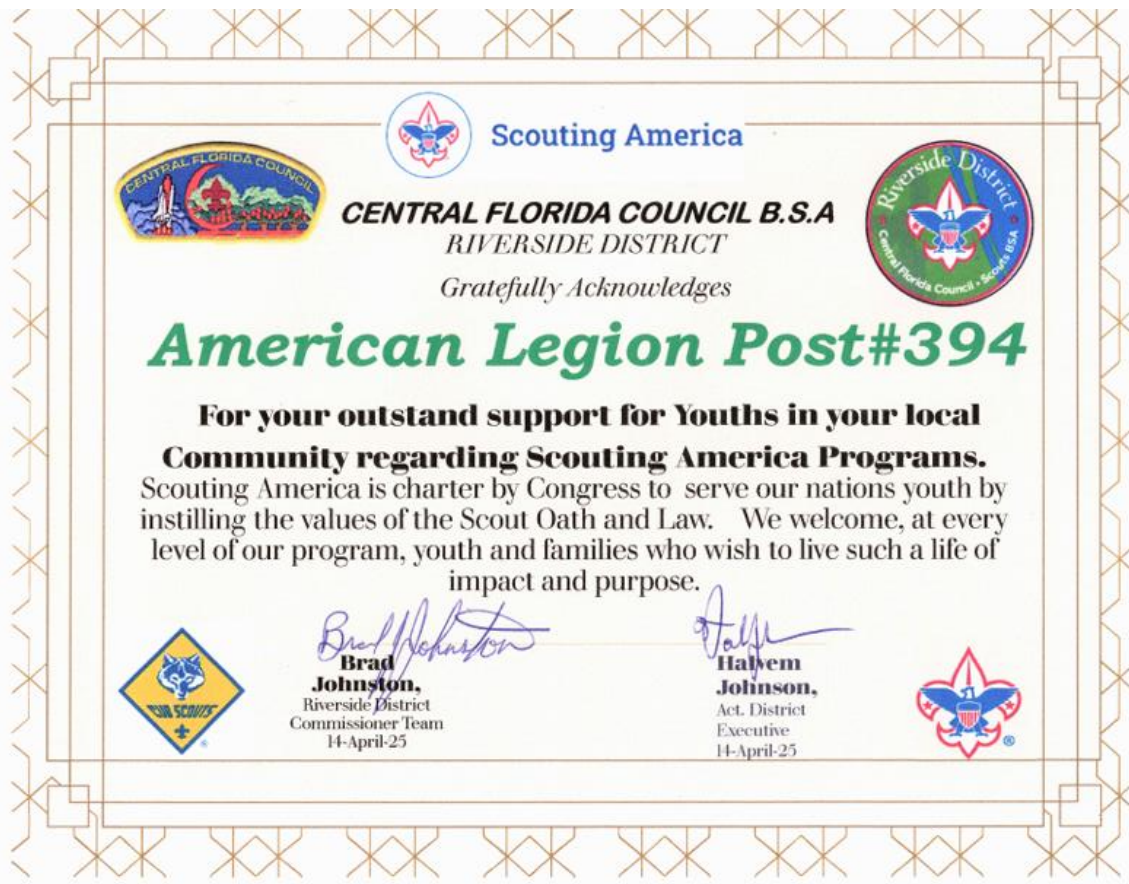

Post Scout Troop

The post scout troop (Grades 6 thru 18 years old) has produced several Eagles Scouts over the years with us. Unfortunately, all the existing scouts aged out, and the troop ended in Dec-2025.

The post and Scouting District are making efforts to re-start another Troop in the fall of 2026 future.

Central Florida Scout Council Recognition of Post

In April 2025 the post was formally presented with an award recognizing our years of continued support the Scouting program and youth of our community.

Chapter 10: Boy / Girls State

In the past, this learning American government process experience, from a local school. We were unable to accomplish this directly but, for one student that was selected from

American Legion Post 394 History for 2025-2026

another post we sponsored that student. Done in the good spirit and nature of the program.

Chapter 11: Post Honor Guard

The post decided to start its own formal color guard unit and has now done that. Uniforms, Flags, Flag carrying harness, etc. were all obtained via the post's own members' direct donation. They have worked with our sister post 117 on training and done many events as a joint team. We are in the final stages of obtaining ceremonial rifles.

The following is a list of only a few of the events, as well as many post events, funerals, etc. they have started to participate in;

March 24: Provided two members for Celebration of Life (Post 117)

March 26: Color Guard for Vietnam Veterans of America (Chapter 1096)

April 11: Color Guard for Honor Flight (morning & afternoon, Melbourne Airport)

Chapter 12: Post Service Officer

The post service officer has done an outstanding job with over a thousand service calls addressed.

Chapter 13: Post Chaplin

Our post Chaplin (and Aux unit Chaplin) has made numerous sick calls to our many aging veterans of the post family and other veterans in the area.

Appendix I: Original Post Charter

In the days of the planning meetings to form Post 394 some paperwork had to be done before a charter could be issued. Pete Campbell, one of the founding members, had the idea of starting an organization called Veterans of America, Inc. and making it a 501c. This was needed in order to get a liquor license so that revenue would be coming in. The group already had a lease on the present building even before the charter was issued. This was sometime in 2008. The official charter was issued by the National Headquarters on 10 November 2010 and countersigned by the Department of Florida at Orlando on 20 November 2010.²

Article VIII – Appointments

Section 1. The Post Commander, immediately upon taking office each year, shall remind each of the newly elected vice commanders of their chair responsibilities for the following standing committees: First Vice Commander (Membership,) Second Vice Commander (Americanism,) Third Vice Commander (House,) Post Service Officer (Veterans Affairs and Rehabilitation,). The Post Commander shall appoint chairs to the Public Relations Committee, Grounds Committee, and Audit Committee. Members of the Post may volunteer to be appointed to any committee with the consent of the Commander and respective Committee Chair.

Section 2. Each chairperson shall maintain information relating to the members of the committee. Chairs are responsible for submitting records of all meetings including all votes, attendees, and beginning and end times of meetings to the Adjutant. The Adjutant shall forward information relating to attendees and times of meetings to the First Vice Commander for purposes of monitoring volunteer hours. Committee Chairs are also responsible for maintaining records related to the volunteer hours of Post members and non-members who provide support to Post functions under the cognizance of the respective committees.

Section 3. The duties of the committees are as defined in the current edition of the Officer's Guide and Manual of Ceremonies unless specified or defined or modified by sections of this article.

Revised 23 January 2025

Section 4. The Membership Committee, chaired by the First Vice Commander, recruits, retains, and engages members to give the Post the volunteers to create success for The American Legion in the community.

Section 5. The Americanism Committee, chaired by the Second Vice Commander, seeks to inspire love of country and good citizenship through patriotic observances, flag etiquette, civic instruction in schools, the Americanization of immigrants, community service, and youth activities such as Boys State, Scouts, Oratorical Contest, School Awards Medals, Junior Shooting Sports, and American Legion Baseball.

Section 6. The House Committee, chaired by the Third Vice Commander, is charged with the operation and maintenance of the Post and any related functions thereof, including the employment of all needed employees. The Committee shall recommend to the Executive Committee any changes necessary to the house rules. Expenditure of funds, other than routine purchases necessary for operation and those bona fide emergencies, shall be referred to the Executive Committee for approval prior to action. The Executive Committee may employ a Canteen Manager.

Section 7. The Veterans Affairs and Rehabilitation Committee, chaired by the Service Officer, assists veterans in pursuing claims, understanding their rights and obtaining their benefits. Committee members, with guidance and support from the Post Chaplain, also visit veterans who are sick, disabled or residing in assisted living facilities and provide comfort to member's families in illness and bereavement. This committee will ensure children of veterans in need of care and protection receive proper and timely services and aid while extending connections to verified organizations and facilities providing services for children and youth. The Veterans Affairs and Rehabilitation Committee will also assist returning veterans in their transition to civilian life. Such concerns include employment, on-the-job-training and educating veterans in their rights and benefits. This committee will also assist veterans in meeting and overcoming problems such as employment, veterans' preference, housing, civil service appeals and employment of handicapped and older workers.

Section 8. The Public Relations Committee elevates awareness in the veteran's community and the community of American Legion advocacy of veterans' issues, national security, Americanism, and Youth. The American Legion is defined in the public eye by the values it demonstrates. The committee accomplishes this in two ways: placing radio and TV advertisements and public service announcements produced by the National Headquarters where they can be seen and heard and developing relationships with editors and journalists in the Post community, so they cover programs supporting the Legion's four pillars. For example, the High School Oratorical Contest is the reporter's news peg, but the Legion's support for a "one hundred percent Americanism" is the story. Why and how veterans strengthen America is the question the Post's Public Relations Committee should answer in the media. Public Relations is a membership multiplier.

Section 9. The Grounds Committee shall be responsible for the maintenance of the Post grounds and for improvements thereto. Any recommendations requiring expenditures of Post funds, other than bona fide emergencies, and routine operational

in reaching 101.45% membership awarded May 7th, 2025. Signed by Bruce Carl, Department Membership Chair, and Department Commander, Steven Chris Hammerick. Nice job. Nice job, everybody

➤ Second Vice

- This Saturday 28th 7 to 11, the auxiliary is running the Senior Prom. There's a poster on the board that tells you the particulars on how much it costs.
- Additionally important day, installation of Officers is at 5 o'clock.
- 8 pm is the comedy night.
- On the 29th, Sunday, there is no bingo because we're holding the Celebration of Life for Carl Fortenberry. If you're around from 2 to 6, come on by and let his wife know how we feel and take part in this event for a pretty prestigious person.
- July 4th.
- Everything starts at noon. Free burgers and dogs. We have cracked a keg where you pay \$10, you get an 8-ounce cup and drink as much as you want. If we have to crack a second keg, you pay an extra \$10 and get a new cup.
- There's several raffles going to be held that day. But one important one, we have some silver dollars that we're raffling off. I believe it's \$5 for one ticket that's on the board also. There's a couple of them that are being raffled off.
- July 27th, no bingo, we have a hall rental. We had a lot of hall rentals already this year that end up all the way to the end of the year.
- August 3rd is a hall rental.
- We have a new game that CeCe brought up to have on Saturday nights. As you know, we have Trivia Night and LRC on Saturdays, which alternate. And she came up with one that is called Sticks and Stones. And the only thing we're waiting for to get the rules finalized is she's got to have the auxiliary approval. Because it entails collecting money similar to bingo it falls under the bingo rules. So then it would be brought to us to vote to accept it or not.
- The board will be updated, the website will be updated, everything will be taken care of as quickly as I can get it done.

➤ Third Vice:

- We have made some changes in the kitchen for anyone who hasn't been in there. It's nothing drastic, just a little bit more efficient, organized, and well-maintained, cleaner. I'm asking that we still continue to not bring personal items here, as we have in the past. The freezers are staying locked until the kitchen is in use. Same thing with the door out here. We're trying to cut down on people leaving stuff in there where they, yeah, stuff like that. Yeah, personal items. No leaving of personal items at all in here. We understand this is, we're all members here, we're all entitled to use the facility, but leaving personal items here is not sanitary and

it's not safe. Other than that, really moving forward is just trying to manage our cooking events a little better, more efficient than we have in the past is my goals this year.

- **Chaplin:** No report
- **Service Officer** Starting a brand-new year. Just got recertified this past weekend. And a lot of new stuff I learned. There's a lot of laws that have been changed up in Washington, D.C., so I've got to do a lot of reading. As always, I will do my very best to help any veteran, whether they belong to the American Legion or not. Any veteran is welcome to come and see me, and I will do my best to help them out.
- **Judge Advocate.** The line item in the House Rules that everybody voted on, last month the wording is, the canteen will be secured to all post 394 Legion members during the general meeting. Those 394 Legionnaires will not be served while the general meeting is in progress
- **Historian:** Getting time to put the book together needs pictures. Requires Pictures in the next 2 weeks to make or book.
- **Sergeant at Arms:** Sergeant at Arms. 21 members present. We have one special guest, Jerry Raymond, Squadron 394 commander. And as always, we need somebody to work the door on Friday night for karaoke, and somebody to work the kitchen.
- **EC Board:** No report
- **Historian:** Since the book was completed, I'll get that in HTML format so you can put it up on the web, the whole book, as it was. That was a great effort. We didn't get first place, but it was noticed and some good comments were made about it. We want to thank you for the great hard work putting it together. And I'm always pulling teeth trying to collect data and pictures and stuff like that, but hopefully we'll get better. We're going to try to get something done later. This is the book here. If anyone wants to see it, we rated it an 85 out of a total of possible 90 points on the book. So that's outstanding.
- **Review of minutes and department convention news.**
 - The new department commander is Jessica Moore, newly elected. She knows us, she's been here, she's a very fine lady and she's going to be a fantastic department commander.
 - Awards. James B. Lange, Veterans of America Post 394. Runner-up, Eddie Hummer, Vet Post, Sergeant-at-Arms. In recognition of your efforts for promoting the program for the American Legion, Department of Florida, 2024-2025.
 - We also had another member of our family, from our auxiliary, Mrs. Haley Luzader, Nursing School Scholarship winner. She was presented a plaque in front of the convention. She really deserves it. And if you see her, please give her your congratulations. She busted her nursing little butt.
- **Old business:**
 - Tech cooler was installed. The old cooler has been posted on Facebook Marketplace. We've had one person's interest that's going to be coming by to take a look at it. We

told them that it needed some TLCs. They don't really care as long as it cools and it has six taps. That's what they wanted. So we'll see what they come back with. We're offering a price of \$1,000 for the unit. It does need some welding and some rough work, but I think they should be happy with it.

- On a personal note, we'd like to thank every one of you who was here while we were out at the convention who covered the closing. We thank you for the extra effort. I know some nights were slow, other nights maybe not so much, but you backed us up enough that we're all about to take care of each other. So that's a personal thank you.
- We actually are engaging with four different banks to see what's the best deal that we can get. This is a long process. It's not going to happen overnight because we have time. We'd rather get it early. This is to avoid a balloon payment at the end of our service loan.
- We have a transition, or if you will, a transfer of powers coming up here. We're going to be meeting with Mr. Bill Kaufman, our previous financial officer. He's going to be meeting with myself and Raul and with Lou. And we're going to go through the software that he uses to do our books pay, do the payroll and look at our taxes and rest of it. He's going to come in and we're going to do a little transition work with him. It's going to take a couple of weeks maybe. But until we get comfortable with it, he's willing to come in and help us with it. And do work over the phone. Because he owns the license. So he's afforded us a seat under his license as a separate entity. So we have to pay for that extra, you know, cost of our Intuit license, which is very expensive, about \$3,000. And that's an annual thing.
- Nancy, has made a change to the five-of-a-kind rule. When you play five-of-a-kind, you get two rolls with each bartender. But if you wanted to take a third roll with that one bartender, let's say there's only one tonight, you can pay two extra dollars for that third roll, if you choose. It's your choice. So you can roll three times for four dollars, is basically what it comes down to. That's a change that she's making to try to bring up some more revenue.
- **Committee reports:** We have several committees.
 - We need volunteers to be chairs for Americanism, Children and Youth, Oratorical. Those two need chairs.
 - Blood donations, we're still doing that.
 - Employment, Dan
 - Disaster recovery, ROTC and shooting sports. I think Shannon Mahome.
 - Kalani talking to the JROTC folks over at Bayside Lakes. There was an issue, talking to David today, about it. The people at 117 were in the Bayside Lakes versus Palm Bay High School. Because they were tied in with 117 now Dana's going to talk to them about that and releasing them to us so that we can have them here to do the local post. And that'll be trying to get the ROTC shooting program started with them.

- Religious activity, Veterans Affairs and Rehabilitation, Chief of Chair positions, National Security.
- Last year, I made numerous phone calls and reviewed inactive member files, resulting in increased membership and re-engagement. I also visited homebound members to help them renew. To continue this outreach, we need a chair for these activities, and we'll provide necessary equipment like a laptop and phone if needed.
- Public relations, Greg Chamber of Commerce, thank you.
- Honor Guard. Honor Guard is not here.
- **Riders report:**
 - We don't have a whole lot of news other than we do have an event going on next Saturday. We're doing Scavenger Hunt. It's just a fun day of some of the activities around the district that we are putting together. We're going to serve breakfast here, little burritos, and then be back around 2 o'clock to close it out. We're going to give away some baskets.
 - Also, on a historian note, we got second in the state for our historian book. We got runner-up. I thought it was only two people that put in, but we got runner-up. That's okay. We got beat by one point. Haley put it together.
 - We did get third place for Chapter of the year in the whole department. So we were quite proud of that for our size. We've grown a lot in the last couple of years. But we're now considered a medium-sized post. All the events that we do, the money that we bring in, the hours we donate, they all get added up for points. And at the end of the year, you get a chapter of the year. So we got third place for that. Other than that, we have our second annual overdose awareness coming up in August.
 - Just on a side note, at the convention, they quickly put it up and took it back down. The American Legion of Riders Department of Florida raised over \$411,000 for vet relief. That's a lot of riding. That's a lot of tires on the road.
- **New Business:**
 - A motion is proposed by J.D. lance to designate the south side of the building for motorcycle and golf cart parking, as golf carts are currently occupying car spaces at the front, leading to limited parking availability. The motion was second by Dave Luzader, Motion was passed unanimously
 - A motion was made to establish a media committee responsible for reviewing any media, such as flyers or websites, originating from this post before publication. A second to the motion was requested. Lou was nominated for the committee, as it originated from his suggestion. The motion was seconded and subsequently passed.
 - **394 SAL Squadron:** Gary Raymond is the squadron commander and 12th District Vice Commander for the SAL.

Reports

Finance Report: Raul Santiago –

- All the records are filed through April 2025. Everything from 2014. New filing system in the commander's office.
- Still need to work on some other things with payroll
- 4th Of July our net profit for the event that came to the post was \$1,425
- Since we asked for a moratorium about three months ago, we've managed to deposit more than \$4,000 into the operating fund and another \$900 into the building fund.
- I want to make a motion that we extend that until the end of the year and then pick it up again in January. Hopefully we can build up a pot. And then in January, we can go back and revisit that because we'll have a better handle where we're at. I'm

making a motion to extend the moratorium until the end of the year. Any discussion? All right. All in favor? Aye. Any opposed? No

EC Board: No report

Adjutant: No report

Judge Advocate: No report

Chaplin: No report

First Vice:

- Congratulations. 100% for fiscal year 2024, 2025, our membership numbers were total of 490. For veterans, our goal was 482. So we were at 102%.7.
- For 2025, 2026, we've already started. We've already done 96 cards. We need to get to 50% by September 4th. That means we need to hit 260. Being at almost 100 right now, we got 150 to go
- You have to ask the commander when his special meal is going to be the early bird dinner

Second Vice

- Between now the end of the month, we have comedy night on the 26th. We might have a celebration of life on the 22nd, but it won't interfere with our bingo. We're talking about doing it after bingo. Remember that we have a town hall meeting this month on the 29th.
- August 3rd. The riders are doing their breakfast. It's \$9 for regular breakfast, but they have a special \$12 for chicken and waffles.
- August 2nd, there's a car wash out here for the Danielle, her boyfriend soccer team is trying to raise some money for different things that they need.
- CC came up with a new game. Instead of trivia night on Saturdays, first Saturday of the month will be called sticks and stones. We were waiting for the rules. It's exactly like BINGO. It's the same rule as BINGO. We'll be bringing that up later to vote on because there's money involved in it.
- On the 16 the SAL has a barbecue. \$15 in advance, \$20 at the door. First 25 people to buy tickets qualify for \$25 gift card to the canteen.
- Comedy club is on the 23rd.
- We have a blood drive on the 23rd and then the 30th.

Third Vice/Riders:

- As second Vice Arthur said the riders are doing a chicken and waffle special for our breakfast.

American Legion Post 394 History for 2025-2026

- The extra money that we're going to make for the chicken and waffles is going towards the kitchen. We're wanting to start raising money and build our kitchen into an actual kitchen, build it into a commercial kitchen that we can produce any and everything we can. So that is what I'm asking, that we continue to try to support Friday nights when they're in your cooking, when Nancy's making meals, when breakfast is going on. Any of these donations, any of the tips that we get from the kitchen cooks will go for that kitchen site on Friday nights.
- Nancy and I have talked about doing special meals or items on Friday nights like nachos, chicken nuggets, chicken fingers, meatball stuff that I'm actually going to do this Friday night. I'm going to throw together some meatballs, put them on some hoagies, \$5, come in and pick them up.
- I'm coming in on Wednesdays as well during Show Me The Money to help cook. So we Nancy had some, some struggles with the amount of people who were coming in and ordering food.
- As first Vice mentioned and Commander, we have the early bird coming up. If there's any suggestions or anything that you all might be interested in, let us know.

Historian:

- The book, some of you guys asked to see it. I got it up there in the office. Now I will be getting a copy of it in HTML so you can put it on the web when you're doing these events.
- Legion numbers each month for each of the families so we can show. They can put it in a chart. Then if the numbers are going up and they want to see something like that, we will get some more points for it.

Community Service:

- Greg attended the Chamber of Commerce meeting last week. There's a lot going on here in Palm Bay. They have some new board members. There's things going on that they're getting new members and businesses. And across the board, the sleepy town of Palm Bay not enough restaurants. But short story is things are happening.
- There was Ice Cream Hut sponsored for the luncheon. In fact, there was some coupons and discount coupons for Ice Cream Hut, which if you're not sure where it's at, it's all Amish ice cream. They had non dairy. They had pet ice cream. There's flyers back there
- Launch Credit Union is having business offers for anybody having a business. They're offering special discounts and memberships for businesses.
- There was Brigadier General Ed Lewis from the Wyoming National Guard. He was the guest speaker. We had the honor of cutting a birthday cake donated by sands for the 250th birthday of the US Army.

Commander Comment:

- Same as conference this is a good tool for us because now that they know that we're there, when the former commander now first vice got us signed up to that, it was like opening a huge door. People know where we are now and they're coming around, they're asking questions. My emails it's exploding there with offers of allegiance. So they were willing to put stuff on their Website pictures and flyers that we've got going on. So when we have these special events like, like the suicide prevention event, anything like that that we can share with them, they'll put it up there for us and give us a little more exposure, which is what we want. We want the Legion to be front and center in the community so they know that we're here and why we're here and what we're doing.

Service Officer: No report

Sergeant at Arms:

- The first thing I want to say is we had a tremendous showing of support. And I'm not going to read these names because I read them on that day. These are all the volunteers that helped us put on the public July event. And there was a lot of them, almost 28 of them. Nothing happens here without volunteers. If you have the time, Even if it's 15, 20 minutes to come and set up the room or help with one of the games that someone's putting on or maybe we have a shortage of callers for bingo or Stake shoot or Show me the money, whatever. Put some time in there because this is about your post. It's not about, us taking your time away from you. Most of us are here six, seven days a week, some of us longer, eight days a week.

Old business:

- We still have several committee chairs vacant. I'm not going to go through the list. There's a sign up sheet in the back. Please take a look at it. If you think you can fill that spot, please sign your name on that side and come see me afterwards. Some of you guys already volunteered. If your name is not there, go ahead and fill it in so that we have an updated list. And if you want to put your email address there, I'll email you information and we'll get you started. But there's a lot and most of it. I would really like to see us get involved with the community, with the schools, with the ROTC. Religious activities, the chaplain's handling that. Veteran affairs and rehabilitation. You know, we need a lot of different things. Legislative is one of the big ones too.
- The other issue we had here, the parking situation up in the front. But we had some of our golfers who are good members here are taking up space in the front in handicap spots and in regular car, regular stalls. So we went ahead and voted on it last, last meeting. We bought the signs, we got the fence posts and we're

American Legion Post 394 History for 2025-2026

Veterans of America
American Legion Post 394
Minutes of The General Membership

going to be installing them on the side of the road by the lake. On that side of the lake is where the golf carts and motorcycles should be parked at. If you have a handicap tag on your bike, you can park in a handicap stall. Your bike is a legal road vehicle, unlike a golf cart.

New Business:

- As I mentioned, Cece came up with an idea. We were having a problem on Saturday nights getting people. Well, she came up with a thing called Sticks and Stones. It's exactly like bingo. The same rules as bingo and it would be run just like bingo and the state of Florida laws. I make a motion that we accept this.
After conversation and voting this motion was not accepted.
- Media Committee. Is our committee going to oversee everything that comes up from our post or is each family going to have to have someone to proofread these things before they put out the public. Because some of these things I'm not real proud of.
 - So the purpose of the media committee was to address just those issues and to clean up and polish up our exposure to the community. And not only that, but to improve it.
 - Since the Auxiliary have their own ein number, their own web page and everything else, we can ask them if they would let us help them. But we, we have no control over basically the Auxiliary, to Commander's point, you know, they're utilizing our post as a platform for their event. If they're going to be putting out anything that's going to utilize our post as a platform, we should have some say so or some input on what's being sent out to the public

Good of the Legion.

- Motion made to adjourn
- With no further business to come before this assembly, all closing ceremonies were completed.

Meeting was adjourned at 1959 local.

Discussion

What are we doing to get new people in here? One of the things the only advertising I have is the billboard out front? Electronic billboard. We put out Labor Day. All welcome. I think there's not much I can do with the board out there. I mean, I can put up their membership drive.

Chamber of Commerce when you go on their website, you go through and it's not even in alphabetical order to find American Legion 394. And then you click it, it brings you to our website. It doesn't go to any special occasion. So I'm going to get together with Greg and go to the Chamber of Commerce to find out. How do we advertise, only so that other people know that we're running something like this?

Both the sons and the auxiliary mentioned it at any function that they had, whether it's their Quarter Auction, there'll be a table outside for all families with membership data, information, people walk in the building that'll be there for them to see and grab an application if they're eligible. So that's going to happen on a regular basis. That includes karaoke. We let people come in there's certain events that we run here, a bingo and stuff like that.

Comment by Karl:

I just wanted to go back to that Texas Roadhouse thing. Bring your friends and your family. Tell your neighbors, whoever, please come. Everything that they buy, as long as they tell them it's Post 394. We're getting 10% of their meals. If there's any of the officers or anybody wants to come, I'm going to set up a table. I'm going to sit out there from 11 to 3. It'd be nice if somebody would come out and hang out with us.

Publix is in October. I believe it's the 12th of October, which is a Sunday, and that's going to be the entire post thing for all for the families, the Riders, Auxiliary, Sons and Legionnaires. We're going to sit out there. We're going to do a membership drive. If they want to sign up we're going

American Legion Post 394 History for 2025-2026

Veterans of America
American Legion Post 394
Minutes of The General Membership

to give them a raffle ticket and we're just going to give out some of these detail buckets and whatever to some of these new members. And so if anybody else could show up to that, that would be nice as well.

Commander Comment

We'll have a full list of those events and we'll post them. I'm going to include everything that we've spoken about tonight in the newsletter that I send out monthly, and I'm sending out newsletters now right in the middle of the month. And something special at this meeting, for example, I sent one out trying to, you know, garner some more people to show up. So that'll be all included in there. We try to make it as, um, widespread as possible. Does that answer your question?

Service Officer:

- Up to 87 members since July 1st helped with benefits. I've lost two that actually took their own lives.

Adjutant: No report

Judge Advocate:

- The people have been complaining about golf carts parked in the parking lot. We spent time and money putting up signs for golf cart parking. Now cars are parked in The Golf Cart parking. So please don't.
- Motorcycles This side. We don't have signs up for that. Not yet. We're working on it.
- This is a plug for help. There's only two people calling Wednesday night. Bingo. We would like to get one, or preferably two more so we could split up the duties.

Sergeant at Arms:

- I'd like to report we have 24 people at the meeting.

Historian:

- If you're at the events and take pictures, please send them to me so that we can do the book better, because we tend to forget about them later. And then at the end of the year, I'm trying to go back and see some pictures from nine months ago, and nobody seems to remember who took it. We will get an email address to you.

Chaplin:

- I have visited with Bob Mack, one of our members, in the hospital and at the nursing home. Three visits to him. There is also a retired Air Force female veteran in the same

American Legion Post 394 History for 2025-2026

Veterans of America
American Legion Post 394
Minutes of The General Membership

nursing home. And I visited with her a number of times and taken her things that she does not have access to. She belongs to Port Saint John.

Community Service:

- Attended the Chamber of Commerce meeting on May 6th. There was a guest speaker he was in charge of homeless, working for a different program It's a spin off of Saint Stephen's Way that has already built homes in South Melbourne for homeless and qualified families. This is a spin off that is looking for members and donations.
- Sharon Rose from voter registration was there talking a few minutes Nancy Kellerman. She is retiring from the Chamber of Commerce, and it turns out Palm Bay Chamber of Commerce is rated number three in the state of Florida. We beat out Orlando, Saint Pete, Tampa, and Jacksonville. She's done a lot of great work. She just got nominated for the Business Journal Award. And that's a big leap. She's going to retire. Post 117 is having retirement party next month. I'll give you the date ahead of time if I can find out. She's done a lot of good work. And their interviewing for her replacement, and there's a lot of good candidates.

Commander Report:

- The results of the Florida Environmental Health Construction Inspection. We've got this. There's two ratings. We got a SAT. So we have that done. That's completed. They accepted my drawings and she's happy with that. I spoke to their supervisor the other night. She works late, and I called her and she emailed me our new permit. So we also have the permit issue resolved. So now we have all the issues resolved with the back of the house here. It's the food prep area. It's not the kitchen and the bar because for a while we were without a permit. But they allow us to continue working at the bar, but not here. So That's done. Completed. Paid for. We got the certificate and they're hanging up.
- Post insurance. I just got off the phone this afternoon with that company that was wanting more documents. There was a lot of liability issues. There were a lot of riders. It is the same company we had last year. So our price went down some. But when you add the riders and the umbrella packages, it kind of just brought it back up. The actual policy itself went down \$3,000, but then the riders and the umbrella brought it back up close to \$9,000 again. So where we gain in one area, we lost in the other, but it wasn't that bad. And also because we were in a much better position, we've been able to save more money. It was \$4,000 the last meeting, we added another \$5,000 that we were able to pay the entire premium in one shot and saved on the monthly fee that they would charge. I don't remember exactly what it was, but it

American Legion Post 394 History for 2025-2026

Veterans of America
American Legion Post 394
Minutes of The General Membership

was a percentage. But it was enough. I think it was \$30 a month. They were charging. So it's like another \$600 a year just making like a monthly.

Finance Report:

- With the moratorium, we were able to put \$4,000 in the operating fund. We had an additional \$5,000, which again enabled us to make that one lump payment for the premium for the insurance policy. We're kind of in the middle of an audit right now with our financial position. So we know where we sit with payroll, with the bartenders so hopefully we'll get that resolved this week and once that's resolved, we can move forward with them. I know there's going to be some changes in the state of Florida coming up in the fourth quarter of this year. So we need to educate ourselves on specifically what the heck we have to do, like minimum wage. Minimum wage for a part time.
- Our operating income was about six grand a month. July income at \$9975. So that was pretty impressive. So we've done good and a lot of kudos to all the things that everyone's been doing around here and the gaming that helps.
- Bartender tips are going to be cut out of their pay and not even looked at. And they'll only be taxed on their salary on whatever they, they gross. They'll get taxed on that. Tips are going to be completely isolated and then they'll be added together at the end. So It helps their bottom line.
And the way the way it handled now is they get their hourly salary and then anything that's paid with credit cards net it's separate. We actually have to go in manually and put that in. But it all shows up in the system. So we just have to move it over. So and that's the whole thing now with no tip. Now that just comes out. We don't have to work anymore.
And they can help themselves after January 1st with their tips. They also get cash tips up there. The tips that we're talking about are through the POS system, credit card tips. So they start adding their cash tips together at the end of the the shift or the month form January forward. That's going to help. Some of the girls here want to buy homes right now, but they don't make enough to qualify. So this will help them get that bar raised just a tad to get them into that pre-qualification area. I tell them, you just gotta to keep working at it. We're going to do what we can. Some of them are already submitting W-2s or W-4 to change their statuses, and we're going to help them with that. So the post is going to help them save more money in the long run.
- I'm here very Monday and Thursday from nine to about noon. So feel free to stop by if you want to see how anything is going specifically about your office.

Commander Comments:

- If you're wondering where this audit came from, this is a self-imposed audit. We're doing it ourselves to see where we are, to see how our financial footing is and we made a lot of a lot of strides so far. There are some things that are hurting some people. But you know, when you try to budget your family dollar income, you got to make cuts and you got to make some sacrifices.
As a note, Denise Van Outen is going to be doing all of our reports and filing our taxes going forward. We engaged her. She's part of the family again. And Bill will be eventually be moving on. He'll still be hosting our financial software, but he won't be doing any of the work. Work costs money. So we're going to cut the work away from him, and he's still going to support us. He's a member of the post and he's going to keep us posted on his site. So that saves us about 800 bucks a year
- City of Palm Bay compliances. We had several this year, from backflow checks to permitting. We hired some plumber to do those checks for us so our sewer system doesn't contaminate our drinking water. So that's been confirmed already. We passed that. That's been submitted. Licensing and permits completed.
- We have the liquor license done. It's already been renewed. No issues whatsoever. We're firing on all cylinders when it comes to our requirements and our compliance issues. All the compliance requirements. So right now we're good. We don't have any problems.
- That odor that comes out of that bar started when we installed the fence. That one and this one back here. This one's not so bad. That one over there. It's bad. So that's a plumbing issue. And we have to address that. And it's on the list

Well, the grease trap itself isn't vented properly. The plumber that installed it just put a stub out right outside of the grease trap. Then when we complained about it, he came back and put a p-trap in there. But the p-trap only reduced it a little bit. The smell.

So there are two solutions for that. One was given to me by Big Mike's brother when he was here, the plumber and that was to come through the wall of the of the bar and pipe it all the way up to the end, where the extension is, where all our cables and stuff are, and install the second pipe up that way and then box that in so it's esthetically pleasing. Go up and out into the open air and that'll take that gas out of the room.

That's one. The other one was to cut through the floor, go straight back to the wall and go outside that way. That's expensive. So we're juggling to see which way we want to go. We're aware of it. It's on the list.

American Legion Post 394 History for 2025-2026

Veterans of America American Legion Post 394 Minutes of The General Membership

- **Florida statute 849.** References gaming laws. The department sent out an email stating that a lot of the Liquor inspectors and other inspectors are working with the Gaming Commission. So when they see these games in the American Legion post, they may or may not report them as illegal gambling machines.

You've got two you got two types. You've got a type three or type one. Type three is illegal. A type one is what they refer to as almost legal. What they mean by that is that the software that's in that system doesn't protect your personal data. Like if you put a credit card in there, it doesn't protect it. You know, they're almost legal because it's a closed network. It doesn't go outside. But that's why they allow it.

We hope we don't have the inspectors come in here and report us but every post that's been put on notice, every post was told to consult with your legal team. We don't have a legal team, but we have people who are associated with law firms either their contract writers or whatever. so we are we are reaching out to them to see what kind of help they can give us about these games. I don't see them going anywhere at all, but I just need to make you aware that that's out there. And if you want to look up the statute, it's pretty lengthy. It covers everything. Any type of gambling, from bingo to card games, blackjack, poker, whatever. Everything is listed under this statute, and it's pretty lengthy.

- **Liquor inventory.** One of the ways we're saving money is I've asked Nancy to look at what she orders and try to reduce the quantity that we have, the inventory that liquor, the fact that there's a lot of liquor in there, some of it's not even moving. So why not try to sell that? Come up with a special, special drink on Fridays. There is a bill for \$1,277 of just alcohol. Not beer, just alcohol. And right now, the last one we did with her before this one was around \$ 900. We're reducing the inventory level. We're not going to have 18 different kinds of vodka, which we have nine right now. We want to reduce those numbers so that we're not spending so much money on liquor. Beer is the major seller here \$30,000 a month in beer sales. That's a lot of beer. A keg costs about \$187 a keg. We get a lot of beer from those. So we're trying to cut back our expenses so that we can have healthier posture when we go to refinance of the building so the bank can see our PNL and balance sheet, they'll see a lot of growth, especially these past couple of months.
- **Closing the post.** I sent out emails about closing the post, turning off the quarter machine, and turning off the pull tab machine. Do not turn off the other machines right now. Peter says it's not a problem. It doesn't affect anything. It doesn't reset the machine if you're on there and the power goes off when it turns back on, your money is still there. Except for that corner one. I'm going to have them take it out of here because it's been

American Legion Post 394 History for 2025-2026

Veterans of America American Legion Post 394 Minutes of The General Membership

failing a lot. The touch screen is just dying on it, so we don't know what's going to happen with that. I ask Lou about putting in a kill switch like a key on off switch that shuts off all the machines at once.

Members of the post, especially officers do not play those games before we open the post 10:00. Don't be here at 830 just sitting around because you're open and you're playing the games. Don't do that. Wait till 10:00. This is not fair to all the players out there. And as officers we should be conscious of all our customers.

- **Building report.** This one is important because our electric the bill last month was \$1,037. So what I've done is I'm normally all the thermostats are set and everyone forgets about them. They're set at 75 and they're running at 75 degrees 24 seven. What I did I went into the program and I changed it so that at 11 p.m., when the bars is closed and at 1:00 on Friday Karaoke is over. It goes up to 78. Then at six in the morning, it'll pick back up and slowly ramp up back to 75 to go back to normal temperature. And so that's going to help us reduce our electric bill. That just started about two weeks ago.
- **Dogs and Non-service animals.** Department of Environmental Health. When Martha came here the last time she noticed people with dogs sitting in the chairs. And she wrote it on our permit. No dog or non service animals. And I spoke to her boss. Her boss even went further. She said no dog or non service animal period. We have an issue we have to handle. If you know these people just be considerate. They have issues, we have to address them. We don't want to be too hard or like a dictator with this stuff. We have to treat them gently because you know, you know who they are.
- **It's a serious matter.** I was doing a little bit of research on it and it is a violation and it's a finable, violation if an individual says that they have a service animal and it is, in fact, not a service animal. That's a violation subject to community service, fines, and imprisonment, but it's a second degree misdemeanor. There are rules about you asking them and asking for identification and things of this nature. Service Animals are supposed to be dedicated to that individual, and they have a specific purpose for that. And I just wanted to just go on record saying, they're saying it is a violation. It's a serious violation saying that you are in need of one and you are in fact, not. What you're doing is you're disrespecting the people that have a need. The service animal from my experience, you know Dutch and, you know, Mr. Miyagi and some other service animals that come here they don't interact with you, they stick with their owner and they and they do their job. They're there for a purpose. They serve a purpose. The two questions you can ask, is it a

American Legion Post 394 History for 2025-2026

Veterans of America
American Legion Post 394
Minutes of The General Membership

service animal and what services they provide. That's all you can ask. Nothing else. You're not allowed. That's written in the book.

You have these outfits out there right now on the internet where you can pay \$35, \$75 and get a this is my service animal certificate by a doctor signed by a doctor. Then you've got other people that are self training their animals, and that's a legitimate way to do it, because you go into a program that's recognized by the state.

Discussion

This is why when I say you have to be conscious and be more understanding with other people who may have issues, you have to understand that you're jeopardizing this Post.

Just one other thing. I like the fact that you're addressing it, and we're doing it internally because if somebody turns around and makes a complaint to the proper authorities and they come in here and start looking at your film and start seeing violations, it can become really ugly. So I'd like to keep it in-house if we can.

I just wanted to say that also, a lot of people are afraid to kick somebody out with a dog that they say is a service dog. If the dog barks or pees or poops or something like that, you have every legal right to tell them to leave. There is nothing that says you cannot ask them to leave. So if the dog is misrepresenting itself or misbehaving, then you can ask them to leave regardless. I mean if poop or pee on the floor and you ask me to leave, I wouldn't have a problem with it and I would clean up my mess and leave. But don't be afraid to kick them out because of the dog being misbehaving.

I'm not sure what the rule is on this anymore. Well, what happens if it's a service dog? If that was your dog, what would happen then you're absolutely right that this dog's got to leave, right? Well, we need to have that right. Because I was just like this. You got to go.

Is that in our house? Rules.

It's in the house rules. Yeah, they're on the board. But if you want a copy, we'll get you a copy.

- **Early bird dinner.** November 1st. It's a Saturday. I'm talking with the butcher over at the commissary to buy an entire loin and steaks again this year. It depends on the price point. If I can get it for \$6 or better per steak cut up then, or even seven, because it's like 9 or \$10 for a porterhouse steak right now. So that's the way I'm looking at going.

The menu's kind of open right now. We are throwing some things around. We talked about au gratin potatoes. We talked about either fresh salad or a vegetable melody type side plate with rolls and butter and maybe some kind of dessert. That's not set in stone yet. We've got ideas. If You want to contribute ideas? Ideas are free, right? Contribute your ideas. We'll listen. And then I'll have a team of people going. Now, with that said, I challenge the bartenders, Nancy today and Stephanie and all the others. I said the top three bartenders that enlist RSVP for the dinner. I'll personally pay for their dinner. So I want them to be proactive and push to get people registered, so we have a good number.

- To improve member and public information by finding new avenues of information, dispersal to our members. Building social media presence by investigating additional platforms available and building community presence through avenues such as print, broadcast and local organizations.
- We post to the Facebook page constantly. Now only things that are only fliers and stuff like that that have to do with this post. We have an X page. I don't know if anybody used X, but X is a very informative tool. All the departments of Florida, all the American Legion departments, have X pages.

At the national convention next week, I'm taking a LinkedIn course.

New Business:

- Last month, you were informed about a game to do on a Saturday night. Somebody said it's bingo. It's not. It's a card game. And we use cards and we use sticks.
- We have to have games to raise money for these different programs that we have. It does fall under the bingo rules by the state of Florida. Just like bingo does. Anything that has to do with money falls under the bingo rules. The auxiliary really wants to get this started so they can fund their programs. And I appreciate greatly if the Legion legions will allow us to do this.

What the game entails is that we'll pull numbers like these cards all have numbers on them. The sticks only have three numbers, so it's a dollar, a stick. And when we call the numbers, the first person to cover it with their little stones wins the pot. The money goes to the auxiliary and the rest. We only take a percentage out, and the other percent goes to the winner of the game. It's just to do it on a Saturday night. Another way of bringing money into the post is by getting people in here to play games. So they purchase alcohol at that bar. That canteen is where you guys make your money. So the more functions we can do on a Saturday night to bring people in here, the more money they can spend over in that canteen, which will give you a better profit. And that's what we're looking to do to work as a family.

Any comments? Concerns? Anyone want to make a motion?

I just have a question. How many Saturday nights would you want to do it? One. The reason I ask is because we were working on bringing in some entertainment, but I think that'll only be once a month. So just curious. On a Saturday, once a month. It went through the events committee and We liked it.

- We still need volunteers to fill the multiple committees . We need children and families. We we've asked two meetings in a row. We got blanks. Zero.

I would like to volunteer. Scott Chamberlain. Boys State.

There's a whole bunch of Oratorical, Boys State and Americanism. And we also have the ROTC program they do the light firearms training. Kalani volunteer to do that, and there was someone that wanted to do full oratorical.

Victor, I'm actually the district chair for the oratorical. I'll volunteer for that.

- I received five handwritten in cursive letters from the boys that we sent to Boys State. Very impressive. Very thankful for the opportunity to go to Boys State. One young man who was an extra because we had extra money, they grabbed him from another district and brought him in, and we paid for his way up there. He even wrote to us saying thank you Post 394 for allowing me to experience this experience. I'll have the letters I you want to come by and see them. They're really nice. Good to read.

Good of the Legion.

The side door is being repaired. We found a reputable contractor that will fix it for \$325. We are just waiting for a new door closure mechanism to arrive and the job will be complete.

Membership is at 76 per cent.

Went over the monthly events as shown on the calendar.

Frank Alto, who was our go between for the Knights of Columbus (KofC), past away recently. He was the one that coordinated the use of the equipment for casino night. I had a meeting with the council to see if we could still borrow the equipment and was given the green light. They want to run their own casino night as often as they can but don't know how to use the equipment. So in return for us using it they would like help learning how to set up and use the

equipment. Therefore I am asking for volunteers familiar with each piece to show the Knights how to operate it.

Super Bowl: food will be provided and there will be items being raffled off.

We have a lot of items that were donated by the NFL teams but thought that would have been too much to add to the stuff we were already raffling off so we will use it during a silent auction during the draft.

We are looking into doing an event with the Kentucky Derby. We would like to do a full blown derby thing – women get dressed up with the hats, men the same thing – but not the hats. We will try to get the bartenders to make the traditional drinks like the mint julip.

Talked about all the fund raisers planned during the next month.

Talked about all the things planned for the kitchen.

Doorbell at the front door needs to be paired to the ringer at the bar. The company is busy with another job and won't give the post the needed docs as they are proprietary to fix it so we have to wait for the other job to be completed.

March we will begin nominations for officers. If you are interested in running let someone know so they can make the nomination from the floor. First round will be during the March meeting, the second will be during the April meeting. Elections will be the first Saturday in May.

Brent Diaz made a motion to donate to the National Commanders charity Veterans and Children Foundation. The motion was seconded. During the discussion it was determined that \$500.00 would be donated. The motion passed.

From the floor:

26 March the DAV will honor Vietnam Vets for their service and legacy. They will sponsor a free dinner to show support for our Vietnam Vets. You don't have to be a Vietnam vet to attend. Sheriff Ivy will be an auctioneer, there will be a guest speaker – Col Michael Christopher Lane – 1630 at the Eau Gually Civic Center.

Need someone to work the door and kitchen Friday. Also to run the 50/50. Ray can work the door and Dave will work the kitchen.

Chamber of Commerce:

There are seven (7) new members in the organization.

Brevard County has grown quite a bit in the last 5 years. The county is into Space, Logistics, The Golden Dome thanks in part to L3 Harris, Northrup-Gruman and Rockwell Industries. More manufacturing jobs are coming to the county also.

New Business:

At the last town hall meeting some awards were given out.

Gary Roman was given the Volunteer of the Year for all he dose around the post a lot without being asked.

Our Billy Awards are still pending.

Guest Speaker

- Kim Johnson from the Aux. Chairperson for the Easter egg hunt. This is a "four family" event. This event is not a budgeted event. She went around to bar patrons and solicited donation. We used 570 eggs they went in 3 minutes. We have \$26 left over for 2026 Easter. Aux spent another \$109 for more eggs and the event. 1016 eggs this year. David Fuller from the DAV presented a new pilot program the DAV is starting. It's a portable unit which allows the DAV to come to the veteran instead of the veteran going to them. It helps with assisting in submitting claims. The unit helps with getting the veteran into the VA system with the intent to file a claim. It gives them 360 days to get all necessary paperwork filed.
